

## Private Equity Internship (analyst level)

Are you searching for (a first) experience in private equity?  
Search no more, E-Capital can offer you a hands-on  
experience and exposure to private equity!

### What will you do?

- Learn to investigate/analyse investment opportunities
- Perform market research
- Provide support in the monitoring, analyses, and reporting of the existing portfolio companies
- Create financial models for current and potential investments
- Create presentations for internal and external use

### Who are you?

You are a bright master student or recent graduate in Applied Economics or (Business) Engineering with:

- A passion for private equity investments
- Excellent academic results
- Outstanding analytical and intellectual skills
- Dynamic, curious and able to work autonomously
- Prior internship experience is a plus
- Excellent knowledge of Excel
- Fluent in Dutch, French and English

### What do we offer?

- A 3 to 6 months internship **starting in September/October 2021**
- A chance to learn and work alongside private equity professionals (from manager to partners with 20+ years of experience)
- Opportunity to get exposed to private equity

### Interested?

If you are interested in joining E-Capital, please send your CV and motivation letter to Thijs Mertens ([tm@e-capital.be](mailto:tm@e-capital.be)). We look forward to meeting you!

### About E-Capital

E-Capital supports the growth and development of promising Belgian small and medium-sized enterprises, with turnovers from € 10 million up to € 100 million and without sector restriction. The E-Capital funds have a unique profile: a group of entrepreneurs and industrial families that join their forces to invest in growth companies managed by ambitious entrepreneurs. E-Capital is a fully independent player, based in Brussels. The funds under management with E-Capital I, II and III are close to € 170 million. More information and our current investments can be found on [www.e-capital.be](http://www.e-capital.be).
