

Internship at M80

M80 is looking for an energetic and collaborative Intern who does not mind wearing multiple hats. Experienced in business and financial modeling, curious about companies and sectors. Well organized, excel expert, tech savvy, flexible, committed, supportive and enjoying the challenges of the fast-paced environment.

Responsibilities:

- Do in-depth company, sector research and analysis
- Business and financial modeling
- Perform valuations
- Participate to due diligences

Requirements:

- Master in Finance or equivalent
- Experience in financial modelling through internship or cases
- Team player
- Logical and analytical reasoning
- Attention to details and problem-solving skills
- Excellent written and verbal communication skills
- Proficient in cloud apps, MS Office, and in Excel specifically
- English at least, preferably French and/or Dutch on top
- Enthusiastic about helping companies grow
- Reasonable commute to Brussels

We offer:

- 6-month internship starting in January 2022
- Opportunity to work in 200m EUR private equity-firm with international investor base
- Team of 12 open-minded people with extensive experience in finance and/or general management
- Being part of deal teams responsible for the full investment process
- Investment targets in Belgium, France and the Netherlands
- Challenging, and cooperative environment
- We promote gender equality
